The FootBridge Companies Named One of Staffing's Hottest Firms

Andover, MA Staffing Firm Places Fifth in Staffing Industry's Report

Andover, MA - September 16, 2005 - The FootBridge Companies recently placed fifth on the Staffing Industry Report entitled, "The 25% club: Staffing's hottest private firms."

The staffing firm, which focuses on providing contract placement, contract-to-hire, permanent placement, and managed services to clients throughout the U.S., was among 26 recipients who were honored because they realized at least 25% annual growth, adjusted for acquisitions, for the period between 2000 and 2004.

According to the report, which is managed by Staffing Industry Analysts, Inc., the top 10 honorees actually achieved average growth of 74% in a period that was tough on the industry as a whole.

"While the numbers speak for themselves, they don't show the hard work and commitment of our employees who helped make it all happen," said Phil Pelletier, managing partner and co-founder. "It is their dedication along with our clients' growth and success that make this achievement extra special."

Earlier this year, The FootBridge Companies received a similar honor. They ranked third in a Boston Business Journal listing of the Area's 100 Fastest-Growing Private Companies.

The FootBridge Companies continue to be an innovative leader in the industry by offering clients strong recruiting capabilities, thorough training and screening programs, as well as comprehensive workforce safety management programs.
